

Year 6 Homework w/c 6 April 2020

Reading

Your teachers have set your reading homework on Google Classroom this week. Please ask your teacher online (at a reasonable time!) if there is anything you don't understand.

Topic

Can you add the following

In class, we used periscopes as part of our topic about 'light' and how we see.

1. Write me an explanation of what you learnt during our 'light' topic. You can upload this onto Google Classroom.
2. During the Summer term, we will learn more about the Second World War. If we aren't back in school - we will set you some tasks so that you can learn about this from home.
In the meantime- have a look at the activity below which links our 'light' and 'World War 2' topic nicely.

Submarines became powerful forces of action in WWII as they had the ability to hide beneath the surface of the sea, yet still attack ships and boats as they sailed with precious cargos either of provisions or fighting men and their equipment. In order to see where their target was they used periscopes. This was also true of the soldiers who were in the trenches who used periscopes to watch the enemy. Can you design and create your own periscope to look around the corner of the class cloakroom?

Other

As some of our families will be celebrating Easter over the coming fortnight, we are asking all families to tell us about a family celebration that is special to you. This could be a religious celebration (such as Eid or Easter) or simply a family tradition that is special to you. E.g. a 'Sunday' tradition of movie night. You can present this however you choose: a presentation on Google Classroom; a picture or collage; an information leaflet.

Work can be shared on Google Classroom or via the school email address:
info@carpenters.newham.sch.uk

We can't wait to see your work!
